## Fast

MII Quicklok fittings push together in seconds to create a perfect joint, saving you installation time and cost. No torches or special installation tools are required.

## Strong

It is built to give you better holding power for a strong, dependable hold you can count on.

## Versatile

Connect Copper, CPVC, or PEX tubing, in any combination. Quicklok can handle it.

## Copper

Lighter but stronger. Clean, professional look. Environmentally friendly. Quicklok gives you all the advantages of copper.
